Noosa Family Day Care provides professional child care for children from 6 weeks to school age, including long day care, part time care, overnight and weekend care, through a supported network of approved carers providing flexible, high-quality child care in their private homes.

As early childhood educators, we value supporting an early learning culture, which is responsive to and builds on children's enthusiasm for learning while at the same time, providing families with choice about the type of early childhood care they want for their children.

By offering an integrated model of care with Noosa Heads Child Care Centre as an option, or by providing regular experiences through Noosa Playgroup, we strive to deliver flexible pathways to transition from family day care to a larger, group-based models of early education.
