Web design, PR, marketing, graphic design, print jobs, online marketing, photography, events - you name it really, if it's something creative, chances are the Creative Collective do it!

If you're tired of running from one creative specialist to another you'll love dealing with us. As an award winning creative agency our motto is 'Collective experience + collective talent = complete convenience.'

Collectively our growing team of creative types including web designers, graphic designers, online marketers, trademark specialists, brand specialists, marketing consultants, affiliate marketers, pr consultants are more have many years of experience, some of them from working internationally.

Some of our other services include:

- * Business award applications
- * Directory listings
- * Search engine optimisation
- * Search engine marketing including Google Adwords and other pay per click campaigns
- * Emarketing / email marketing
- * Affiliate marketing
- * Trademark Applications

But just try us and we'll be sure to let you know whether we can help or not. We can help you with all the things related to online and offline marketing that you know you need to be doing, but which you may feel confused or overwhelmed by, or too pushed for time to ever get around to actually doing.

We're also big believers in education and regularly run and are called on to speak at events for educational institutions, Government and other organizations.

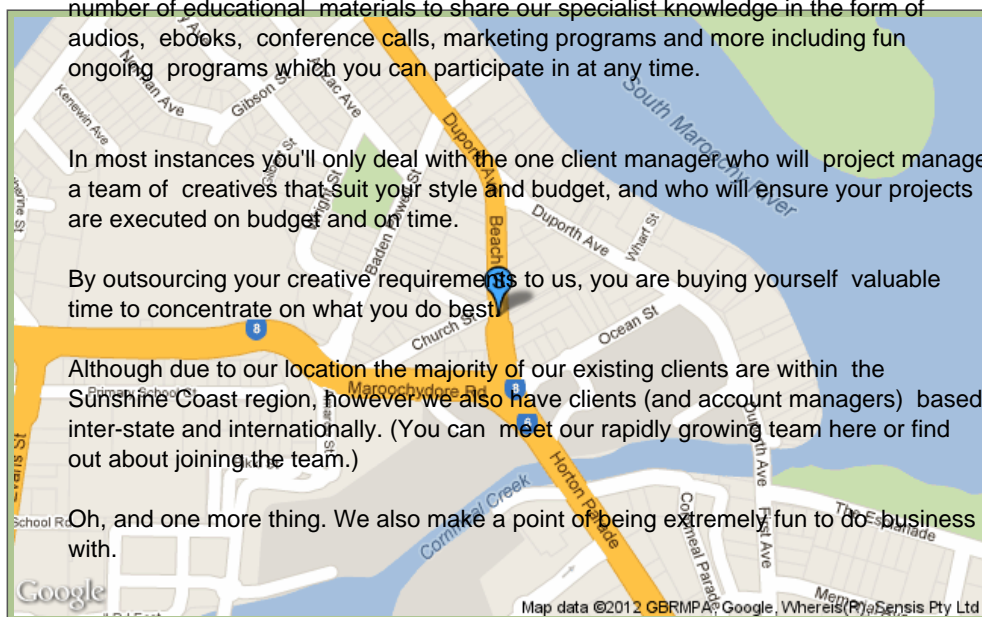

Like to learn this stuff yourself? Then you're in luck! We've been busy creating a number of educational materials to share our specialist knowledge in the form of audios, ebooks, conference calls, marketing programs and more including fun ongoing programs which you can participate in at any time.

In most instances you'll only deal with the one client manager who will project manage a team of creatives that suit your style and budget, and who will ensure your projects are executed on budget and on time.

By outsourcing your creative requirements to us, you are buying yourself valuable time to concentrate on what you do best.

Although due to our location the majority of our existing clients are within the Sunshine Coast region, however we also have clients (and account managers) based inter-state and internationally. (You can meet our rapidly growing team here or find out about joining the team.)

Oh, and one more thing. We also make a point of being extremely fun to do business with.
